Your order was successfully submitted.

Thank you for choosing SiteGround. If there is a payment with this order, it will appear on your credit card statement as SITEGROUND.COM LONDON. Your account is now being created. We are currently processing your order. In case you have not received your Welcome email within the next 1 hour, please contact us via our LiveChat or call our toll free line.

Your Email should look like this

SiteGround   

Congrats, you are now a SiteGround client!

Dear Boomer Sassmann,

Thank you for ordering SiteGround Hosting services. Here is some useful information on how to get started with your new hosting account with us.

Login Information

You can start managing your new hosting account from your SiteGround Customer Area with the login information below:

Username: boomers2

Password: The password you chose during the sign-up process.

If you have forgotten your password, simply go to our [Password Lookup](#) page to reset it.

Login to Customer Area

To access your new account cPanel, go straight to the [My Accounts](#) section from the Customer Area main menu and click on

SiteGround Login - <https://ua.siteground.com/login.htm>

USER LOGIN

Username:

A text input field for the username. It contains the placeholder text 'type your username'. To the left of the input is a small icon of a person in a suit. To the right is a small icon of a key.

Password:

A password input field. It contains the placeholder text 'type your password'. To the left of the input is a small icon of a padlock. To the right is a small icon of a key.

[Forgot Your Password?](#)

LOGIN

Select - “Thanks, but I don’t need help” and Proceed

The screenshot shows the SiteGround website interface. At the top, the SiteGround logo is on the left, and a user profile for 'Boomer Sassmann' is on the right with links for 'My Details' and 'Logout'. Below the header is a navigation menu with items: Home, My Accounts, Support, Billing, Referral Deals, Add Services, and Resources. The main content area features a 'CURRENT PROMOTIONS' section with a 'SHARED HOSTING DEAL FOR FRIENDS' banner. A modal window titled 'Welcome to the SiteGround Account Setup Wizard!' is centered on the screen. It contains a list of benefits and a 'Ready to get started?' section with three radio button options. The third option, 'Thanks, but I don't need help', is circled in red. Below the options is a 'PROCEED' button and a 'Remind me to set up later' link. The footer contains copyright information and links for Legal, Privacy, Blog, Forum, and social media icons.

WordPress

WordPress is a state-of-the-art publishing platform with a focus on aesthetics, web standards, and usability. WordPress is both free and priceless at the same time.

More simply, WordPress is what you use when you want to work with your blogging software, not fight it.

WordPress started in 2003 with a single bit of code to enhance the typography of everyday writing and with fewer users than you can count on your fingers and toes. Since then it has grown to be the largest self-hosted blogging tool in the world, used on hundreds of thousands of sites and seen by tens of millions of people every day.

The GPL from the [Free Software Foundation](#) is the license that the WordPress software is under.

Dashboard - Info Blocks are Movable and Removable

The screenshot displays the WordPress dashboard interface. At the top right, the user's name 'Howdy, boomer' is visible next to a 'Screen Options' menu, which is circled in red. Below the header, the main content area is divided into several sections:

- Welcome to WordPress!**: A message with a 'Customize Your Site' button.
- Get Started**: A section with a 'Customize Your Site' button and the text 'or, change your theme completely'.
- Next Steps**: A list of tasks: 'Write your first blog post', 'Add an About page', and 'View your site'.
- More Actions**: A list of actions: 'Manage widgets', 'Turn comments on or off', and 'Learn more about getting started'.
- At a Glance**: A summary of site statistics, including '1 Post' and '1 Comment'.
- Activity**: A section for 'Recently Published' posts, showing a post titled 'WordPress Resources at SiteGround' published 'Today, 3:18 am'.
- Comments**: A section for 'Comments', showing a comment from 'Mr WordPress on WordPress Resources at SiteGround #'. Below the comment, there are filters for 'All', 'Pending (0)', 'Approved', 'Spam (0)', and 'Trash (0)'.
- Quick Draft**: A form for creating a new draft, with fields for 'Title' and 'What's on your mind?', and a 'Save Draft' button.
- WordPress News**: A section for news items, including 'WordPress 3.9 "Smith" April 16, 2014', 'WPTavern: Recap Of WordCamp North Canton 2014', 'WPTavern: Save Time Building WordPress Customizer Controls', 'WordPress.tv: Nick Pelton: WP-to-JS And Back Again', and 'Popular Plugins: Advanced Custom Fields (Install)'.

At the bottom of the dashboard, there is a footer with the text 'Thank you for creating with WordPress.' and 'Version 3.9'.

Division of Roles in WordPress (and other CMS)

Settings - General Setup

The screenshot shows the WordPress 'General Settings' page. The left sidebar contains navigation links: Dashboard, Posts, Media, Pages, Comments, Appearance, Plugins, Users, Tools, Settings (highlighted), General, Writing, Reading, Discussion, Media, Permalinks, Limit Login Attempts, SuperCacher, and Collapse menu. The main content area is titled 'General Settings' and includes the following fields and options:

- Site Title:** My Blog. An annotation points to this field with the text: **Website Name/Business Name**.
- Tagline:** My WordPress Blog. An annotation points to this field with the text: **Tagline**. Below the field is the instruction: *In a few words, explain what this site is about.*
- WordPress Address (URL):** http://wordcampa.siteground.net. This field is circled in red. An annotation points to it with the text: **Specific to where your site is located. This will change if you move your site. Changing this can/will take down your website.**
- Site Address (URL):** http://wordcampa.siteground.net. An annotation points to this field with the text: **Admin Email Address**. Below the field is the instruction: *Enter the address here if you want your site homepage to be different from the directory you installed WordPress.*
- E-mail Address:** info@bigoomdesign.com. An annotation points to this field with the text: **Admin Email Address**. Below the field is the instruction: *This address is used for admin purposes, like new user notification.*
- Membership:** Anyone can register.
- New User Default Role:** Subscriber (dropdown menu).
- Timezone:** UTC+0 (dropdown menu). Below the field is the text: *UTC time is 2014-05-06 3:42:11*. Below that is the instruction: *Choose a city in the same timezone as you.*
- Date Format:** May 6, 2014; 2014/05/06; 05/06/2014; 06/05/2014; Custom: F, Y | May 6, 2014. Below the options is the link: [Documentation on date and time formatting.](#)

Red arrows and text annotations are present throughout the page. A large red arrow points from the text **Don't change this info** to the Timezone and Date Format sections.

Settings - Reading - Search Visibility

The screenshot shows the WordPress admin interface for the 'Asheville VW Repair' site. The left sidebar contains a menu with 'Settings' highlighted. The main content area is titled 'Reading Settings' and includes the following options:

- Blog pages show at most:** 10 posts
- Syndication feeds show the most recent:** 10 items
- For each article in a feed, show:** Full text, Summary
- Search Engine Visibility:** Discourage search engines from indexing this site. *It is up to search engines to honor this request.*

A red arrow points from the text 'Check this if your site is in development' to the 'Search Engine Visibility' checkbox. A blue 'Save Changes' button is located at the bottom left of the settings area.

All Posts Section

The screenshot shows the WordPress Admin interface for the 'All Posts' section. The left sidebar contains navigation links: Dashboard, Posts (highlighted), All Posts, Add New, Categories, Tags, Media, Pages, Comments, Appearance, Plugins, Users, Tools, Settings, SuperCacher, and Collapse menu. The main content area is titled 'Posts' and includes an 'Add New' button. Below this, there are filters for 'All (1)' and 'Published (1)', along with 'Bulk Actions' and 'Apply' buttons. A table of posts is displayed with columns for Title, Author, Categories, Tags, and Comments. The first post is 'WordPress Resources at SiteGround' by 'boomer', categorized as 'Uncategorized' with no tags and no comments. Red arrows point to specific elements: 'One and Only Post' points to the 'Add New' button; 'Post Title' points to the 'WordPress Resources at SiteGround' title; 'Default Category' points to the 'Uncategorized' category; 'No Tags' points to the empty tag field; and 'No Comments' points to the comment icon.

Settings - Writing - "Default Post Category"

The screenshot shows the WordPress admin interface for the site 'Asheville VW Repair'. The left sidebar contains navigation links: Dashboard, Posts, Media, Pages, Comments, Appearance, Plugins, Users, Tools, and Settings (highlighted). The main content area is titled 'Writing Settings' and includes the following sections:

- Formatting:** Two checkboxes. The first, 'Convert emoticons like :-) and :-P to graphics on display', is checked. The second, 'WordPress should correct invalidly nested XHTML automatically', is unchecked.
- Default Post Category:** A dropdown menu currently set to 'Uncategorized'. A red arrow points to this dropdown with the text 'Change to Catch-All-Cat'.
- Default Post Format:** A dropdown menu set to 'Standard'.
- Press This:** A section describing a bookmarklet for clipping content from the web.
- Post via e-mail:** A section for configuring an email account for posting to WordPress. It includes input fields for 'Mail Server' (mail.example.com), 'Port' (110), 'Login Name' (login@example.com), and 'Password' (password).

Delete the starter blog post

The screenshot shows the WordPress dashboard with the 'Posts' menu item highlighted in the left sidebar. The main content area displays a list of posts. A red arrow points from the text 'One and Only Post' to the 'Posts' menu item. Another red arrow points from the text 'Post Title' to the title 'WordPress Resources at SiteGround' in the post list. The post list includes a checkbox, the title, and the author's name.

Dashboard navigation: My Blog, New, Dashboard, Posts, All Posts, Add New, Categories, Tags, Media, Pages, Comments, Appearance, Plugins, Users, Tools, Settings, SuperCacher, Collapse menu.

Adding Pages

The image shows a screenshot of the WordPress dashboard. The top navigation bar includes a home icon, the text "My Blog", a notification icon with "0", and a "+ New" button. The left sidebar menu is dark and contains the following items: "Dashboard", "Posts", "Media", "Pages" (highlighted in blue), "All Pages" (with "Add New" circled in red), "Comments", "Appearance", "Plugins", "Users", "Tools", "Settings", "SuperCacher", and "Collapse menu". The main content area is titled "Pages" and features an "Add New" button circled in red. Below the title, it says "All (0)". There are two table-like sections, each with a "Bulk Actions" dropdown menu, an "Apply" button, and a "Filter" button. The first section contains a table with one row: a checkbox, the text "Title", and a "No pages found." message. The second section contains a table with one row: a checkbox and the text "Title".

Welcome Page

- Brief paragraph explaining the business or idea
- A Great Picture that represents the business
- Clear Call to Action (Links, Button, Form, Etc)
- This page will get 50% of the traffic and they will spend 5-45 seconds... if your lucky

Basic Page Content/Setup

The screenshot shows the WordPress 'Add New Page' editor. The page title is 'Welcome'. The main content area is empty and circled in red. The right sidebar shows the 'Publish' and 'Page Attributes' sections. A 'Featured Image' section is also visible at the bottom right.

Media Manager- Adding Images

The screenshot shows the WordPress 'Add New Page' editor. The left sidebar contains navigation options: Dashboard, Posts, Media, Pages (highlighted), All Pages, Add New, Comments, Appearance, Plugins, Users, Tools, Settings, SuperCacher, and Collapse menu. The main content area is titled 'Add New Page' and shows the page title 'About'. Below the title is a URL field with 'Permalink: https://wordcampasiteground.net/round27/page_id=4' and buttons for 'Change Permalink' and 'View Page'. A red circle highlights the 'Add Media' button, with a red arrow pointing to it from the text 'Add image or WordPress Gallery'. Below the button is a rich text editor toolbar with various formatting options. The page content includes sections for 'Excellent VW Repair and Service', 'Honest advice', 'Expert Service', and 'Quality Parts'. The right sidebar contains 'Publish' options (Save Draft, Preview), 'Status: Draft Edit', 'Visibility: Public Edit', 'Publish immediately Edit', 'Move to Trash', and 'Publish'. Below that is the 'Page Attributes' section with 'Template: Default Template', 'Order: 0', and a 'Need help?' link. At the bottom right, it says 'Draft saved at 7:27:04 am.' and 'Version 3.9.1'.

Media Manager- Adding Images

WordPress Media Manager interface showing the process of adding an image to a page. The interface includes a sidebar with options like 'Insert Media', 'Create Gallery', and 'Set Featured Image'. The main area displays a grid of media items, with one image selected (indicated by a blue checkmark). A red arrow points to the selected image with the text 'What image is selected?'. The right sidebar shows the 'ATTACHMENT DETAILS' for the selected image, including the title 'stock-photo-20524220-mechanic-with-customer-using-digital-tablet.jpg', caption, alt text, and description. Below this, the 'ATTACHMENT DISPLAY SETTINGS' section shows options for alignment (set to 'Right'), link to (set to 'None'), and size (set to 'Full Size - 380 x 253'). Red arrows point from these settings to explanatory text: 'Image Title' points to the title field, 'Alt Text for SEO' points to the alt text field, 'Picture Alignment' points to the alignment dropdown, 'Does the image link to anything when you click on it?' points to the link to dropdown, and 'How large should the image appear?' points to the size dropdown. A '1 selected' indicator is visible at the bottom left, and an 'Insert into page' button is at the bottom right.

A smaller version of the WordPress Media Manager interface, showing the same grid of media items and the 'ATTACHMENT DETAILS' sidebar. The interface is identical to the larger screenshot above, showing the process of adding an image to a page.

Google Map - Code is pasted into the text window

The screenshot shows the WordPress 'Edit Page' interface for a page titled 'Contact'. The page content is displayed in the 'Text' editor. A red oval highlights a block of code pasted into the editor, which is a Google Map embed code. A red arrow points from the text 'Google Map Code' to the highlighted code. The code is as follows:

```
<div style="border: 1px solid black; width: 600px; height: 450px; margin: 0 auto; text-align: center; padding: 5px;">
```

The page content includes the following text:

Asheville VW Repair has a full-time staff ready to answer any of your questions. As Asheville's VW specialist for over 25 years, we are confident we can help you with all of your Volkswagen needs.

We're open from 8:00am-6:00pm, Monday through Friday. Reach us by phone at: (828) 254-5555. Or better yet, stop by and introduce yourself - we'd love to meet you.

Settings - Reading - "Front Page Shows"

The screenshot shows the WordPress admin interface. The top navigation bar includes the WordPress logo, the site name "Asheville VW Repair", and a notification icon with "0" and a "+ New" button. The left sidebar contains a menu with "Settings" highlighted in blue. Below "Settings" are sub-menus: "General", "Writing", "Reading", "Discussion", "Media", "Permalinks", "Limit Login Attempts", "SuperCacher", and "Collapse menu". The main content area is titled "Reading Settings". A red box highlights the "Front page displays" section, which includes two radio buttons: "Your latest posts" (unselected) and "A static page (select below)" (selected). Below these are two dropdown menus: "Front page:" set to "Welcome" and "Posts page:" set to "Blog". A red arrow points from the text "Shows up once a page is created. Set the Home Page and the 'Post' Page." to the "A static page" option. Below the red box, there are three more settings: "Blog pages show at most" with a value of "10" and "posts"; "Syndication feeds show the most recent" with a value of "10" and "items"; and "For each article in a feed, show" with "Full text" selected and "Summary" unselected. The "Search Engine Visibility" section has an unchecked checkbox and the text "Discourage search engines from indexing this site" and "It is up to search engines to honor this request." A blue "Save Changes" button is at the bottom left of the settings area. At the very bottom, there is a small text link: "Thank you for creating with WordPress."

Appearance - Menus

The screenshot shows the WordPress 'Appearance - Menus' interface. The left sidebar contains navigation options: Dashboard, Posts, Media, Pages, Comments, Appearance (highlighted), Themes, Customize, Widgets, Menu, Header, Background, Editor, Plugins, Users, Tools, Settings, SuperCacher, and Collapse menu. The main content area is titled 'Edit Menus' and includes a 'Screen Options' dropdown and a 'Help' dropdown. Below the title bar, there is a text input field for the menu name, currently containing 'Menu 1', which is circled in red. To the left of this field is a list of pages with checkboxes: About, Services, Contact, Blog, and Welcome. A red arrow points from the 'Add New Items' text to the 'About' checkbox. Below the page list are 'Select All' and 'Add to Menu' buttons. A red arrow points from the 'Expand Content Areas' text to the 'Categories' dropdown menu. The 'Menu Structure' section contains a list of menu items with their labels and types: Home (Custom), About (Page), Blog (Page), Contact (Page), Services (Page), and Welcome (Page). A red arrow points from the 'The Order of the Menu Items. Drag and Drop.' text to the 'Home' item. At the bottom right, there are two 'Create Menu' buttons. The footer includes the text 'Thank you for ranting with WordDrac' and 'Version 3.0'.

WordPress Themes

Install & Activate Stargazer

The screenshot shows the WordPress 'Add Themes' page. The left sidebar is open to the 'Appearance' section, with 'Themes' selected. The main area displays a grid of theme preview cards. The 'Stargazer' theme is highlighted with a red circle, and its 'Activate' button is also circled in red. A red arrow points from the text 'Activate Stargazer' to this button. In the top right corner, a search bar contains the text 'stargazer' and is also circled in red. Other visible theme cards include 'Ex Astris', 'Christmas Joy', 'Dancing In The Moonlight', 'Alice', 'Boldly Go Blue', 'Illumination', and 'Kepler'.

Header - Custom Image Upload

The screenshot displays the WordPress Customizer for the 'Asheville VW Repair' theme. The left sidebar contains a navigation menu with 'Appearance' selected, and 'Header' circled in red. A red arrow points from the 'Header' menu item to the 'Header Section' label in the main content area. The main content area is titled 'Custom Header' and shows a preview of the website header. The preview includes the site title 'Asheville VW Repair' and the tagline 'Think Small. Step Lightly. Drive a VW!' above a large image of a ringed planet. Below the preview, the 'Select Image' section is visible, with a red circle around the text 'Suggested width is 1175 pixels. Suggested height is 400 pixels.' and a red arrow pointing to the 'Upload New Header' button.

UpDraft Backup - Running a Backup

The screenshot shows the UpdraftPlus Backup/Restore interface. The left sidebar contains navigation links: Dashboard, Posts, Media, Pages, Comments, Testimonials, Forms, Appearance, Plugins, Users, Tools, Settings (highlighted), General, Writing, Reading, Discussion, Media, Permalinks, UpdraftPlus Backups, Limit Login Attempts, SEO, Security, Gallery, and SuperCacher. The main content area is titled "UpdraftPlus Backup/Restore" and includes a version number (1.9.13) and a list of links (UpdraftPlus.Com, News, Premium, Support, Lead developer's homepage, FAQs, More plugins). A subscription banner is present. The "Existing Schedule And Backups" section shows "Next scheduled backups" (Nothing currently scheduled) and "Last backup job run" (Wed, May 28, 2014 04:53). The "Backups in progress" section shows a backup starting at "Wed, May 28, 2014 06:41" with a progress bar and the text "Creating file backup zips (Plugins)". The "Last log message" section shows "Adding batch to zip file (UpdraftPlus_BinZip): over 500 files added on this batch (4.3 Mb, 2092 files batched, 501 (1002) added)". The "Backups, logs & restoring" section shows "2 set(s) available". A red circle highlights the "Backup Now" button, and another red circle highlights the "Backups in progress" section. A dashed box encloses the "Downloading and restoring" section, which contains instructions for downloading and restoring backups.

Backups, logs & restoring: [2 set\(s\) available](#)

Downloading and restoring

- **Downloading:** Pressing a button for Database/Plugins/Themes/Uploads/Others will make UpdraftPlus try to bring the backup file back from the remote storage (if any - e.g. Amazon S3, Dropbox, Google Drive, FTP) to your webserver. Then you will be allowed to download it to your computer. If the fetch from the remote storage stops progressing (wait 30 seconds to make sure), then press again to resume. Remember that you can also visit the cloud storage vendor's website directly.
- **Restoring:** Press the Restore button next to the chosen backup set.
- **More tasks:** [Upload backup files](#) | [Rescan local folder for new backup sets](#) | [Rescan remote storage](#)
- **Web-server disk space in use by UpdraftPlus:** 50.2 Mb [refresh](#)

Install Topsy Social Plugin

Topsy Social Icons

3

Facebook

Download Version 4.0.0

Topsy Social Icons aims to be the easiest way to include access to your social networking profiles.

Social Icon Plugin Setup and Widget Addition

The screenshot shows the WordPress dashboard with the 'Appearance' menu selected. The 'Widgets' section is active, displaying a grid of available widgets. On the right, the 'Primary' sidebar is being configured, and the 'Topsy Social Icons' widget is highlighted with a red circle. Below the widget title, there is a 'Social Icons:' label and a text input field for a profile address. A list of social media icons is visible, each with a corresponding input field for a profile URL. The 'Facebook' icon is selected, and the URL 'https://www.facebook.com/BigBoomDesign?ref=hl' is entered in the field.

Getting Started

Watch the Walk-Through Video

In this short video, we walk through your site with iThemes Security.

Security Status

All High Medium Low Completed

High Priority

These are items that should be secured immediately.

- Your login area is not protected from brute force attacks. [Fix it](#)
- Your site is not performing any scheduled database backups. [Fix it](#)
- You are not enforcing strong passwords for any users. [Fix it](#)
- User nicknames may be the same as their login name. This means their login user name may be publicly available throughout the site. [Fix it](#)

Medium Priority

These are items that should be secured if possible however they are not critical to the overall security of your site.

Important First Steps

- 1. Back up your site**
We recommend making a database backup before you get started securing your site.
[Make a backup](#)
- 2. Allow File Updates**
Many of the functions of this plugin require editing your wp-config.php or .htaccess files. Would you like to allow us to safely update these files for you automatically?
[Allow file updates](#)
- 3. Secure Your Site**
Use the button below to enable default settings. This feature will enable all settings that cannot conflict with other plugins or themes.
[One-Click Secure](#)
- 4. Help Us Improve**
iThemes Security would like to collect anonymous data about features you use to help improve this plugin. Absolutely no information that can identify you will be collected.
[Yes, I'd like to help](#)

Updates Happen

The image shows a screenshot of the WordPress dashboard for a site named "Asheville VW Repair". At the top, there is a notification bar with a yellow border containing the text "WordPress 3.9.1 is available! Please update now." A red arrow points from the text "Updates Happen" on the right to this notification. Below the notification, the main dashboard area is titled "Dashboard" and contains a "Welcome to WordPress!" message with a "Get Started" section featuring a "Customize Your Site" button. To the right, there is a "Next Steps" section with four tasks: "Edit your front page", "Add additional pages", "Add a blog post", and "View your site". At the bottom, there are three widget areas: "At a Glance" showing 5 pages and a version update button for WordPress 3.9; "Quick Draft" with a text area and a "Save Draft" button; and "Activity" showing a smiley face icon. A sidebar on the left contains navigation links for Dashboard, Home, Updates (with a red notification icon), Posts, Media, Pages, Comments, Appearance, Plugins, Users, Tools, Settings, SuperCacher, and Collapse menu.
